COMMERCIAL FINANCE

PERSONAL STATEMENT

Corporation CPA certified accountant with over 15 years of experience providing comprehensive, high-quality commercial finance and accounting support services to companies in the global travel retail, management consulting, commodities, mining, energy, financial services, and telecommunications sectors across SE Asia, the Middle East, and Australia.

I have significantly contributed to ensuring that the companies under my management have the resources to carry out aggressive expansion and sales strategies by utilizing my finance and operational management knowledge. I am skilled at pricing strategies, financial analysis, forecasting, Excel modeling, identifying new market opportunities, and implementing internal controls to assure compliance while reducing business risk.

EMPLOYMENT HISTORY

Regional Senior Financial Analyst (Contract) Mar 2016–Nov 2016

- Improvements to the processes and procedures for governance and compliance, commercial and marketing financial analysis, and financial reporting were provided to the Global Travel Retail division.
- Direct reporting line to the global travel retail's head of finance.
- Frequent communication with country BDMs to analyze deviations from the budget and forecast and to lend knowledge to creating business cases

Summary for Senior Financial Consultant Aug. 2012 – Dec. 2015

- Offered consulting services focusing on business transformation for the construction, mining, and energy sectors. Reporting directly to the Consulting Manager (Asia).
- Across geographically dispersed locations, organizational/change management programs were implemented in alignment with the business goal.
- Got C-Level Executive support for the big picture.
