Profile

Hardworking Apprentice currently receiving on-the-job training from an experienced, licensed carpenter. Building a foundation of knowledge in basic carpentry skills, including blueprint reading, understanding of tools, measuring and cutting, and assembly skills. Eager to find work and contribute to the satisfaction of clients.

Employment History

Jul 2021 — Aug 2022

London

Apprentice Carpenter at Northeast Carpentry

- Worked under the supervision of a qualified journeyman carpenter to set up and clean up construction areas, retrieve tools, and refill work pouches.
- Honed my basic carpentry and technical skills and gained knowledge about building code requirements and blueprint reading.
- Completed both classroom instruction work and on-the-job training.
- Measured and cut wood, and assembled parts for different types of jobs.
- Consistently assisted in maintaining a safe work environment for all.
- Learned and abided by building codes and OSHA safety regulations.

Oct 2019 — Jun 2021

London

Carpenter Assistant at Feldpro Builders

- Worked to provide support and assistance to the carpenters to ensure they were provided with the right type of tools and supplies for job completion.
- Listened carefully and followed instructions for each and every project.
- Assisted carpenters with interior trim/finish work, cabinetry, metal framing, and exterior finish work.
- Put away supplies and tools in a safe and accessible place at the end of the day.
- Measured and cut building materials accordingly.
- Conducted repairs and maintenance as needed.
