

Dear ,

As someone who has always been passionate about supporting others in their mental health journeys, I was thrilled to discover the Mental Health Social Worker position at UnitedHealth Group. Your commitment to providing comprehensive care and fostering strong community connections resonates with me deeply. In fact, it was my own experience with a compassionate mental health professional during a challenging time in my life that inspired me to pursue this career path.

My background in mental health advocacy, coupled with my strong interpersonal skills, would make me a highly valuable addition to the UnitedHealth Group team. As a social worker at a community mental healthcare support clinic, I facilitated a weekly support group for adults experiencing depression and anxiety, increasing group attendance by 40% over the course of six months. Additionally, I successfully implemented a client-centred case management approach that increased overall client satisfaction by 35%. I believe that these accomplishments demonstrate my ability to effectively engage with clients and address their unique needs.

I am particularly excited about the opportunity to work within an interdisciplinary team at UnitedHealth Group, as I firmly believe that collaboration among professionals is crucial in providing comprehensive mental health care. I am eager to learn from and contribute to this dynamic environment, fostering positive outcomes for both clients and the organisation as a whole.

Thank you for the time to consider my application. I am looking forward to the opportunity to discuss how my passion and experience align with UnitedHealth Group's mission and goals.

Sincerely,
Justin William
