

Dear Hiring Manager,

I am excited about the opportunity to apply for the Support Worker position at Care For All. I recently completed my bachelor's degree in support work at Clearwater University, preparing me to begin my career in this field. I hope to apply my current skills while developing new abilities if successful in securing this position.

While I have not held a formal Support Worker position, I interned at the Green State Hospital for three years during my studies. During my time at the hospital, I acquired valuable skills that I hope to use as a Support Worker. I developed strong interpersonal communication skills by working closely with patients and learned how to administer medicine effectively based on each patient's requirements.

My ability to remain calm during challenging situations and my empathy for others equipped me to provide caring support while in this role. I'm looking forward to learning from you at Care For All. I am happy to answer any questions regarding my application. I look forward to hearing from you soon. Thank you for your consideration.

Sincerely,

Rebecca Smith
